

Super Modified Open Competition Class

Any and all engine, suspension, and drive train configurations are encouraged.

Weight: 8,000lbs max weight including driver.

26" Hitch Height

Hitch Hook Point must not be less than 44" from centerline of the rear axle, 3"x3½" drawbar opening.

Helmets and seatbelts are required.

SFI fire suits and fire extinguisher required for any competitor running other than pump gas or diesel, or as deemed necessary by the tech officials.

No cast iron clutches or flywheels permitted.

SFI bell housing blankets and/or SFI blow proof bell housings required.

All U-joints must be shielded 360 degrees with 3/8" thick aluminum or 5/16" steel. Shield will be 6" long minimum and centered on U-joint. Inside diameter of shield will be no more than 2" larger than U-joint.

All intermediate shafts between the transmission and transfer case will be totally enclosed in 3/8" aluminum or 5/16" steel, 1/4" of shaft may be visible.

Any vehicle with a turbo must have the exhaust exit straight up with (2) 3/8" bolts mounted in a cross pattern no more than 1" apart and as close to the turbine wheel as possible.

Diesel vehicles will require an air shut off consisting of a cable to the rear of the truck to be operated by the sled, and also a cable inside the driver's compartment.

Kill switch (gas trucks included) will be securely mounted to the back of the vehicle and have a two inch diameter ring to attach to the sled.

Axle shields are required. Shields to be 0.060" thickness steel or aluminum. Shield not to be mounted to axle ends or hub bolts. A hole may be cut in one to allow locking in of hubs.

All engines will have a deflection shield, running the complete length of the block casting. Shield must be securely fastened.

Brakes, steering, and other vehicle controls must be operational to the satisfaction of the tech officials.

Any other safety equipment will be required as deemed necessary by the tech officials.

Tech officials' decision will be final in all matters of interpretation of the intent of the above rules as well as the necessity of requirements on a case by case basis. The goal is to find somewhere for as many to compete as possible in a safe and fun atmosphere.
